### Oscar (Wilde) Dunn-Luck's Composition In Developing Interesting Sentences

*The lighthouse was shining like a piercing flame in the twilight with misty clouds covering the pale white moon.*

*In a little town there were joyful happy people in pubs with flickering lanterns that hung on oak roofs, when the lighthouse suddenly went out. The people wondered if they could help. So they went out.*

*The lighthouse keeper was not a joyful happy man, he was gloomy. He ran up to the lighthouse and he heard a ship coming in the dark black treacherous sea. But when he picked up the light, he fell over his tool box! The light shattered. He looked at the ship and then at the town. He ran down the spiral staircase and opened the wooden door. He saw the people. They had shone their flaring lanterns at the ship and it turned away.*

### Principal's Message

WELL DONE Penrose relay team! Last newsletter we were cheering them on - it worked. Our relay team of Thomas, David, Lily-Beth and May won! Now they will be representing our school at State Athletics on Thursday, 15th October. We again wish them all the best.

I am very proud of the way our students are working in the classrooms. I have seen the great work that the primary class have put into their information reports and how well the infants class is able to work together and collaborate. Keep up the great work.

The Penrose community are organising a ceremony to commemorate the Rush brothers who lived at Sylan Glen and died during and shortly after WWI. This will be held during the holidays, September 30th at 10.30am at Sylvan Glen when the Kangaroo March passes through our town. It is unfortunate that most of our families will be away at this time. However all children in the Penrose area have been invited to participate. Japanese language classes began last week with the talented Alex Watanabe and were a great success. I am so pleased to be able to provide our students with this amazing opportunity.

## **Wet Weather Activities**

With all the wet weather we have had over the last couple of weeks, the children have been forced to play inside during Fruito and lunch. The older girls were being their usual creative selves, while peer tutoring by the Kinders was at it's best at Penrose.

Here the boys can be seen working diligently on their projects. Yarri was working on the corn kernel while Oscar was learning about ginger and it's benefits to the human body and what you can use it for.

## Penrose Relay Team Of To State

**May Stuart-Bender Explains How They Did It**

**Kareela:** So May, were you all nervous before the race?

**May:** Yes, I was worried that I would do it wrong and also because they confused us with another school.

**Kareela:** Where was it held?

**May:** It was held in Canberra

**Kareela:** Being such a seasoned team, was the weather and the track the perfect condition for you all to run in?

**May:** Yes, except there was rabbit droppings on the track.

**Kareela:** What was the team's reaction when you found out that you made it to state?

**May:** We were quietly happy, except for Lilly who vocalised her excitement on all our behalf.

**Kareela:** Does the team have any strategies in perfecting their near perfect performance (i.e diet, practice drills or motivational techniques)?

**May:** Good question, I will get back to on that when I talk with the rest of the team.

**The students will be representing the school at the State Carnival on Friday 15th October.**

*Chillin' as they wait the results*

*How big is this?*

*In its 124th year Penrose Public School encourages confidence, responsibility, awareness and adventure.*
